

**DIAMOND CARE  
PROTECTION PLAN®**

PRODUCT OVERVIEW

# Paintless Dent Repair

EXPERT CARE FOR YOUR VEHICLE

## **EFFORTLESS CAR RESTORATION**

Small dents and dings are inevitable, but they don't have to be permanent. Paintless Dent Repair (PDR) restores your vehicle's exterior without sanding, painting, or replacing panels. Fast and cost-effective, PDR keeps your car looking its best while maintaining its original factory finish.

## COVERAGE DETAILS

Paintless Dent Repair (PDR) is an industry recognized process that involves the removal of dings and minor dents from a vehicle's exterior steel or aluminum body panels without disturbing the paint finish. This does not include services that involve the replacement of vehicle body panels, sanding, bonding, or repainting. During the term, we will pay a repair facility, or at our option, reimburse the cost to repair covered minor dents and minor dings less than four inches (4") in length and/or diameter on the exterior body panels that are accessible and are repairable through existing PDR techniques. Hail damage is covered up to the dollar value of the comprehensive primary carrier deductible, not to exceed \$1,000. Coverage is limited to steel or aluminum body panels.
